FLORIDA ASSOCIATION OF EDUCATION

FAEDS

SPRING CONFERENCE

Sarasota Hyatt House

at Watergate Center
Sarasota, Florida

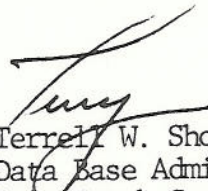

FROM THE EDITOR OF THE JOB STREAM:

Sarasota, Florida. A city of casual elegance and quiet charm. Renowned for its beaches as much as for the grandeur of its sparkling blue-green Gulf ... and, for its unique array of shops, cuisine, and its art.

For as much as Sarasota offers its visitors, the Florida Association of Educational Data Systems offers to participants of the 1979 Fall Conference. Along with the luxurious surroundings of the Sarasota Hyatt House, FAEDS will present an outstanding program of "state of the art" educational data processing.

The conference participant, at his discretion, may choose from several areas of educational computing interest. Presentations from leading vendors, leaders of the educational profession, and our peers will offer the conference participant a refreshing look into the "inside workings" of educational data processing, and the unique opportunity to apply observations to his own environment. The opportunity to share ideas, philosophies, and fellowship will make the FAEDS 1979 Fall Conference the event of the year, and an event that YOU will not want to pass up.

Enclosed are the 1979 Conference Agenda, information about the hotel, and various reservation forms. Room rates have been set at \$26 for a single, and \$32 for a double. Be sure to tell the hotel that you are attending the FAEDS Conference. For further information, contact any FAEDS Board member. I am looking forward to seeing you at the 1979 Fall Conference.
